- C. Receive care and access to Denver Health programs free from restrictions based on age, race or ethnicity, color, national origin, religion, culture, socio-economic status, sex, sexual orientation, gender identity or expression, genetic information, or mental or physical disability.

- F. Understand and participate in the creation and implementation of your treatment, pain management, and hospital discharge plans.
- G. Make informed decisions about treatments and procedures you may receive as part of your care, including getting information about the potential benefits, risks, and side effects. Your right to make informed decisions about your care also includes the right to request treatment, drugs, tests, or procedures you believe are necessary, to change your mind about having a procedure done, and to refuse treatment.
