IMPORTANT INFORMATION

Being in Denver Health Medicaid Choice does not mean you will always see a certain doctor on this list. Changes may be made to this list at any time. Doctors may be added or removed. Be aware that Denver Health is a teaching hospital and when making an appointment with a doctor, you will be scheduled with the correct office, not a certain doctor.

**NOTE: This list is current as of 5/2009
For a newer listing call Member Services at (720) 956-2116.**

Many of the Denver Health doctors are board certified in their field by the American Board of Medical Specialties. This means they have completed further education and taken the tests needed to be considered one of the best in their field. The doctors in this book who are board certified are noted with an “*” before their name. You can check a doctor’s board certification by going on a computer with internet to the following web page address: www.abms.org. This web service is managed by the American Board of Medical Specialties.

There are many Medicaid Choice providers who speak more than one language. If a provider speaks any other language besides English, this language will be shown in parentheses () next to his or her name. You may use the key below to identify the other languages.

Example: * John Smith, MD (SP) = Dr. Smith is board certified and speaks Spanish as well as English

HOW TO GET CARE WITH DENVER HEALTH MEDICAID CHOICE (DHMC)

This book can help you get health care. This book lists all DHMC doctors. This list (directory) is current as of Feb 2009, changes may have been made since then.

If you would like to make sure a doctor is available, call Member Services at (720) 956-2116 or (800) 700-8140, TTY/TDD (720) 956-2370.

YOUR MAIN DOCTOR IS YOUR PRIMARY CARE PROVIDER (PCP)

As a DHMC member you must have a PCP to receive health care. If you do not have a PCP, call Member Services at (720) 956-2116 or (800) 700-8140.

Your PCP is the doctor who provides your basic care, refers you to special doctors, and makes sure you get the care you need. PCPs can be doctors from Family Practice, Internal Medicine or Pediatrics. All health care services should be provided or referred by your PCP, except emergency care, mental health care, regular eye exams, chiropractic care and OB/GYN care.

CHANGING YOUR PCP

If you want to change the PCP for you or a member of your family, you may do so by calling Member Services at (720) 956-2116 or (800) 700-8140.

VISITING A SPECIAL DOCTOR

Care with another doctor is covered only when you have permission from your PCP.

WHAT TO DO IN AN EMERGENCY

In an emergency, call 911 or go to the closest hospital. Let your PCP know as soon as possible so that he/she can help with your care. When outside of the network, only emergency and urgent care services will be covered. If you or a family member have been seen at a hospital other than Denver Health Medical Center for an emergency, you need to call DHMC Medical Management at (720) 956-2104 within two days or as soon as possible, so we may help with your care.

PERMISSION IS NEEDED FOR SOME HEALTH SERVICES

Some tests and services need permission ahead of time for DHMC to pay for them. Those services are listed in the chart below.

NOTE: If you choose to see a doctor who is not in the DHMC network without permission from your PCP, you may need to pay for all of the charges. DHMC does not have to pay these charges.

However, if you are sent out of network by your PCP and receive a bill from that outside doctor, the member should not pay the bill. The bill should be sent to DHMC.
