

## 2022 Quarter – Sunshine Award Honoree

**Award Recipient:** Jillian Jbili – Enrollment Services

***Description of action taken by nominee that qualified for this award:***

Last week while Jill was at lunch she encountered a client who was blind who needed help. He mentioned he had his cane stolen and he was trying to get to the Webb pharmacy to pick up a prescription. Jill escorted the gentleman to the Webb pharmacy only to find out they did not have the RX he needed and was referred to PAV L pharmacy, so Jill took it upon herself to escort him to PAV L. At that time, she assisted client in writing all of his information on the paperwork given by the pharmacist and helped him get his RX. Once they exited the building, Jill asked the client where he was headed next, and when he mentioned he needed to go to the Bus stop on Broadway, Jill didn't hesitate and offered to walk him to the bus stop so that he could finally get home. On the walk over there, the client got ill and had to lay down on ground, so Jill called the ambulance to get him help. If Jill hadn't been present, who knows what would've happened to client, but above all Jill truly made a difference in the experience of this gentleman's life after he had his walking cane stolen. I think this is truly AMAZING! Thanks Jill for being such a compassionate Human Being!!

**Nominated By:** Estefania Gallardo - Vasquez
