Thursday, March 30, 2023 Giving thanks to physicians on National Doctors' Day

Today is National Doctors' Day, and Denver Health thanks all the physicians who provide extraordinary care to our patients. Our physicians are world renowned and often recognized for their leading-edge care and research. Please join us in thanking them for supporting the health of our Denver community and beyond. Psychiatry resident Dr. Anthony Scott, top left, was one of the physicians to partake in cake provided by medical staff on Thursday.

Denver Health will be spotlighting our incredible staff and various departments on an ongoing basis in the 411, starting today. Click here to learn about Dr. Patrick Joynt, who was walking home from the hospital recently when he jumped into action to help save a man's life. Joynt is pictured in the alley where he found a man on the ground who was not breathing.
