

Withdrawal Management Services

- Safely withdrawal from substances under the care of our skilled medical, psychiatric, and nursing teams.
- Participate in individual, group, and family therapy.
- Engage in individualized treatment with an interdisciplinary treatment team including Psychiatry, Psychology, Occupational Therapy, Social Work, and Nursing.
- Discuss and develop appropriate aftercare plan, including duration and type of treatment, in collaboration with treatment team.
- Coordination of care with current outpatient treatment team to develop collaborative treatment plan and transition to the community.
- Individualized approaches including spiritual and religious support, Pet Therapy, participation-based programming, Child Life, creative arts, and more!
- In-facility school allows students to receive credit for attendance through CDE approved program.

FOR LIFE'S JOURNEY

Family Involvement

As part of a collaborative effort, we strongly encourage family involvement in treatment. Our interdisciplinary treatment team provides multiple opportunities to participate in treatment through phone/video calls, in-person meetings, family therapy, and safety planning.

Patients may make and receive phone calls during the following times:

12:00p – 1:00p
5:00p – 6:00p
8:00p – 9:00p

Patients may visit with their family during the following times:

12:00 – 1:00p
4:00p – 7:00p
