

Getting Ready for Your Endoscopic Ultra Sound (EUS)

A Plan Ahead Call [303-602-1926](tel:303-602-1926) if you have questions or need to schedule or change your appointment

- ✓ Your appointment is at Denver Health, Pavilion A, 777 Bannock Street, **2nd floor**. Patient/visitor parking located in Delaware Garage
- ✓ You will need an adult to sign you out and take you home after your procedure; your procedure will need to be rescheduled if you don't have an adult to take you home. We must talk with your ride to verify their availability
- ✓ You can expect your visit to take about 2-1/2 to 3 hours
- ✓ Talk to your doctor if you have questions about taking your medications or blood thinners before your EUS
- ✓ If you use oxygen or have been told that you need to use oxygen, you **MUST** bring a full oxygen tank with you or your procedure may need to be rescheduled

B The day **BEFORE** your EUS

- ✓ Start drinking lots of LIQUIDS in the morning and continue all day
 - ❖ You may have a regular diet on this day
 - ❖ At midnight **DO NOT EAT or DRINK** anything. You will be nothing by mouth after midnight until your procedure

C The day of your EUS

- ✓ You can take your morning medications with sips of water if approved by your provider or nurse
- ✓ It is extremely important to follow these instructions
- ✓ Failure to follow these instructions limits the value of the EUS and your exam may need to be rescheduled
