**Wonder how to use
your BS degree?**

**Consider Medical
Laboratory Science**

Be a part of the healthcare team

To be considered for admission, the applicant must:

- Have a BS degree and pre-requisite courses in chemistry, biology, and math.
- Submit a completed application form (\$50 app fee), official transcripts and three references, and meet essential functions.

Graduates have a 100% certification exam pass rate and employment rate.

The program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (www.naacls.org).
