To protect yourself, your family,
and your community...

GET VACCINATED AGAINST COVID-19

Why get vaccinated?

Vaccine is a tool we use to fight COVID-19.
You protect others and help your COMMUNITY.

Is it safe?

YES. COVID-19 vaccines are very effective at keeping you from getting COVID-19. These vaccines cannot give you the disease.

Is it free?

Yes! All vaccine doses are FREE to EVERYONE – no matter your age, race, ethnicity, housing or documentation status. Any form of picture ID is accepted and if you do not have a picture ID, vaccine providers will work with you to make sure you get vaccinated.

How will I feel after my shot?

After your COVID-19 vaccination, you may have some side effects. These are normal signs that your body is building protection and last only a few days.

Do I still have to wear a mask?

YES! You will still need to wear a mask and socially distance after getting each shot of the vaccine.

How can I get information about the vaccine?

For up-to-date information:

1. Call the COVID Vaccine Registration Line at **303-436-7000**;
2. Open your phone's camera and scan the QR code; or
3. Visit [DenverHealth.org/covidvaccine](https://denverhealth.org/covidvaccine)
