

**Wonder how to use  
your BS degree?**

**Consider Medical  
Laboratory Science**

**Be a part of the healthcare team**

**To be considered for admission,  
the applicant must:**

- Have a BS degree and prerequisite courses in chemistry, biology, and math.
- Submit a completed application form (\$50 app fee), official transcripts and three references, and meet Essential Functions.

Graduates have a 100% certification exam pass rate and employment rate.

The program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences ([www.nacls.org](http://www.nacls.org)).
