

What type of credit does Denver Health offer?

Denver Health offers AMA PRA Category 1 Credit™ for select activities.

How do I claim my credit?

To receive CME credit, you must complete the following steps:

1. Participate in the activity for the amount of time you wish to claim.
2. Complete the required post-activity evaluation, if applicable.
3. Submit the evaluation and attest to your participation time.

Once submitted, your credit will be processed according to the activity type. If you are unable to access the evaluation or experience technical issues, contact the [Continuing Education team](#).

Do I have to complete an evaluation to receive credit?

Yes. Completion of an evaluation is required to receive CME credit *unless otherwise stated during the activity*. Please note that evaluations close two weeks after the activity date.

When will my certificate be available?

- **Conferences and one-time events:** Credit is typically awarded approximately three weeks after the event.
- **Regularly scheduled series (e.g., Grand Rounds, M&M):** Credit is awarded twice per year in January and July except if otherwise stated during the event.

How long do I have to claim credit after the activity?

For most Denver Health CME activities, you must complete the post-activity evaluation within two weeks of the activity date to receive credit. For activities where credit is awarded based solely on participation, documented attendance is sufficient.

Can I claim partial credit if I didn't attend the full activity?

Yes. You may claim partial credit for the portion of the activity you attended. Credit should be claimed only for the time you participated, rounded to the nearest 0.25 credit increment, as indicated for the activity. You will attest to your participation time when completing the evaluation.

If you need assistance determining the appropriate credit amount, contact the [Continuing Education team](#) or organizer listed for the activity.

Where can I find or re-download my certificate later?

- **Physicians:** All CME certificates and transcripts are available in [CME Passport](#). Please create an account or sign in to view credits reported on your behalf.
- **For other healthcare professionals:** Please contact the [Continuing Education team](#) for assistance with certificates or credit documentation.

Who should I contact with questions about CME credit or certificates?

Please contact the [Continuing Education team](#) for assistance with certificates or credit documentation.

Who should I contact for registration or access issues?

Please contact your activity organizer with questions regarding registration or access issues.
