Medicaid/CHP+ Applications — Medicaid is a federal and state program that provides health coverage to low-income individuals and families. It covers services like doctor visits, hospital care, medicine, and mental health care, often at no or low cost. Apply today to see if you qualify.

Sliding Fee Discount Program/HDC Applications — If you don't qualify for Medicaid/CHP+, you may qualify for discounted health care services. SFDP helps cover the costs of medical care at Denver Health Hospital and Clinics. *It is meant for people who earn too much to qualify for Medicaid* but still struggle with healthcare costs or don't meet the legal resident requirements.
